## ● Origin: Taiwan Native Sesame

### ※ Tainan No.1 Sesame

- 2/3 of the total yield of sesame in Taiwan comes from Tainan, especially from the Xigang, Shanhua and Anding districts; the soil in Tainan is sandy and acidic to cultivate the premium sesame.
- In addition, the sunshine in Tainan is sufficient for farmers to follow the natural and traditional sun-drying process to grow the shining black, fully flavorful sesame.

1. Sesame oil has long been a traditional skincare treatment; by directly applying the sesame oil on the skin, it is said to be able to help with anti-aging, detoxification, skincare, and even insomnia.
2. Ancient scholars believed that the sesame oil is the **“King of Oils”** as it has very nice anti-aging, anti-inflammatory, antibacterial, purifying, nourishing effects.
3. Makatta Simal® Dangka is **cold pressed** from the Tainan No.1 sesame requiring one hundred thousand sesames to make 100ml of Makatta Simal® Dangka . Cold pressing is the best process to protect the nutrients, including the unsaturated fatty acid, Linoleic Acid for anti-inflammatory, Vitamin E and B for anti-oxidation and other minerals like Potassium, Magnesium and Zinc. And the **“Sesamol”** is proven effective as an anti-oxidant and anti-inflammatory.
4. Makatta Simal® Dangka is rich in unsaturated fatty acids, such as omega-3 and omega-6, which can activate blood circulation and hair follicles to **help hair grow**. In addition, Makatta Simal® Dangka is easily absorbed by scalp to **help the damaged hair shine again**.
